SUMMARY

Analytical finance and operations professional with experience in financial reporting, investment research, valuation analysis, and workflow optimization across American Express and investment-focused environments. Skilled in financial modelling, variance analysis, regulatory reporting, and automation tools including Excel, Power Automate, ChatGPT, and Microsoft Copilot.

EDUCATIONAL QUALIFICATIONS

CFA Program Level I – CFA Institute

March 2026

- Practical Skill Module – Financial Modelling

BSc Finance – Narsee Monjee Institute of Management Studies (NMIMS)

Aug 2021-Aug 2024

- Key modules: Strategic Management, Corporate Finance, Financial Reporting, Derivatives & Risk Management, Financial Statements Analysis, Financial Modelling and Valuations, Quantitative Techniques.

WORK EXPERIENCE

American Express | Gen AI & Automations Apprentice

June 2025– Present

- Collaborated with cross-functional process owners to identify automation opportunities and streamline finance workflows using Power Automate and AI-assisted tools.
- Built a Python-assisted automation workflow using **ChatGPT, Copilot, PyCharm**, and Excel that reduced manual effort in operational processes.
- Supported month-end close, financial reporting, capitalization testing, OPEX review schedules within Oracle EBS, and **regulatory filings** including XBRL, SOFTEX, and MPR, while contributing to quarterly and annual financial statement reporting processes including related party transaction disclosures.

Kairne Capital IFSC | Investment Intern

Feb 2025– June 2025

- Performed financial due diligence and financial analysis for M&A transactions and startups, assessed balance sheets, growth potential, and investment viability.
- Identified investment opportunities in distressed assets and **25+** NCLT cases, applying financial insights and valuation techniques. Worked on **20+** Pitch decks for unlisted companies & startups, providing strategic financial insights to stakeholders.

Extern | RevRoad VC Remote Extern

Aug 2024– Sep 2024

- Conducted secondary research on US Edtech Companies reading various financial reports to identify trends, evaluated competitive landscapes, while uncovering **10+** actionable growth opportunities.
- Researched to source a startup achieving an adherence score of **75%**, streamlining with RevRoad's strategic goals and investment criteria.

Tech Mahindra | Finance Department Intern

June 2023– July 2023

- Supported Budgeting and cost analysis by leveraging MS Excel and advanced costing techniques, identifying key cost drivers, and implementing cost-saving measures that resulted in a **15%** reduction in overhead costs.

PROJECTS

Portfolio Pulse – AI driven Portfolio Analysis Tool

- Developed a portfolio analysis tool (Robo-Advisor model) that evaluates user holdings to assess portfolio risk, asset allocation, correlation exposure, diversification metrics and provides 3 actionable insights.

Skippi Ice Pops – Unit Economics and Margins

- Built a unit economics and financial model for Skippi Ice Pops (Shark Tank India case), analyzing COGS, CAC, 2 channel margins (retail vs. wholesale), and payback dynamics for a ₹20 FMCG product to assess scalability and profitability.
- Evaluated cost structure, overhead allocation, and channel strategy through scenario analysis, identifying the impact of distribution margins and customer acquisition costs on low-ticket product profitability.

Avenue Supermarts Ltd – Valuation, Company Profile

- Built a detailed valuation model for Avenue Supermarts Ltd., projecting key financials through FY29; analyzed reinvestment rates, growth trajectories, and capital efficiency to derive future cash flows and estimate intrinsic value using a DCF and relative valuation approach - to assess investment potential and strategic positioning.
- Performed a comprehensive financial analysis summary, covering financial information and evaluating **10+** key metrics such as revenue growth, EBITDA margins, and return ratios over 5 fiscal years; interpreted trends in valuation multiples and analytical ratios.
